With a continuous commitment to serve our customers better, customer satisfaction remains our top priority. We are dedicated to providing exceptional service and support at all times.

VISION

To be the leading provider of comprehensive safety solutions and industrial protective equipment in the Kingdom of Saudi Arabia—setting the standard for innovation, quality, and customer trust in every industry we serve.

MISSION

To deliver high-quality safety products and industrial solutions that protect lives and empower workplaces—through innovative manufacturing, trusted global brands, and a steadfast commitment to customer satisfaction.

THE SAFETY WINGS STANDARD

SAFETY FIRST

Delivering certified, dependable products that protect people and workplaces.

QUALITY GUARANTEED

Committed to durable, high-standard solutions that meet global benchmarks.

FAST & RELIABLE SERVICE

Quick response and timely delivery without compromising quality.

CUSTOMER FOCUS

Building trust through transparency, support, and lasting relationships.

INNOVATION-DRIVEN

Adapting to change with continuous improvement and smarter solutions.

SAFETY SIGN SYSTEMS

High-visibility signs for hazard warnings, directions, and compliance—crafted using metal, acrylic, vinyl, and reflective 3M stickers. Produced with high-quality, long-lasting printing for maximum clarity and durability. Also available in glow-in-the-dark and multilingual formats. Custom designs are tailored for industrial environments.

REFLECTIVE TRAFFIC SIGNS

Engineered for visibility and durability, our reflective traffic signs are ideal for roads, parking areas, and construction zones. Made with weather-resistant materials and 3M reflective films, they ensure clear communication day and night. Available in standard and custom designs for regulatory, directional, and safety applications.

SAFETY LABEL TAGS

Durable, easy-to-read tags designed for equipment safety and compliance. Options include “Do Not Operate” tags, inspection tags, and danger/caution labels. Made from tear-resistant, waterproof, UV-protected, and writable materials. Available in a variety of formats including metal, stainless steel, engraved, and plastic tags. Custom-made designs are available to suit specific operational needs—ideal for lockout/tagout, maintenance, and hazard identification.

PROTECTIVE HEADWEAR

Safety Wings provides durable helmets designed for industrial protection and all-day comfort. Our headwear includes:

- Industrial & Insulated Helmets
- Chin Straps & Sweatbands
- Custom Branding Options

EARPLUGS & EARMUFFS

Comfortable, high-performance hearing protection for industrial noise. Options include foam earplugs and adjustable earmuffs, all meeting global safety standards.

VISION SAFETY GEAR

Durable safety glasses, goggles, and welding glasses are designed to protect against dust, debris, sparks, and chemical splashes. Anti-fog, scratch-resistant, and built for all-day comfort.

SAFETY WORK WEAR

We offer durable, high-quality industrial workwear, including high-visibility reflective strips to ensure roadside and industrial safety at night, engineered for maximum safety, comfort, and professionalism in demanding work environments

PROTECTIVE COVERALLS

We offer a comprehensive range of coveralls, including durable industrial coveralls, Flame-Resistant Coveralls (FRC) for high-heat environments, and lightweight disposable coveralls for protection against dust, chemicals, and biological hazards in controlled environments.

RESPIRATORY PROTECTION

We offer a range of respiratory protection equipment, including masks and respirators, designed to protect workers from hazardous dust, fumes, and airborne contaminants in industrial environments, ISI and CE certified.

FOOT PROTECTION

We supply durable and reliable safety footwear with steel toecaps, designed to protect against impact, punctures, and slip hazards, ensuring maximum foot protection in industrial and construction environments, engineered to meet strict safety standards.

PROTECTIVE GLOVES

We offer a wide range of protective gloves designed to provide reliable hand protection against cuts, chemicals, heat, and electrical hazards, ensuring safety and performance in diverse industrial applications.

FALL ARREST SYSTEM

We provide reliable Fall Arrest Systems designed to protect workers operating at heights, including full-body harnesses, lanyards, and lifelines, ensuring maximum safety and compliance with international safety standards.

FIRE EXTINGUISHERS

We supply a wide range of portable fire extinguishers, including ABC powder, CO_2, foam, and water-based types, designed for rapid response and effective fire suppression in industrial, commercial, and residential settings.

FIRE DETECTION SYSTEM

We offer advanced fire detection systems, including smoke detectors, heat detectors, and addressable alarm systems, designed to provide early warning and rapid response in industrial, commercial, and residential environments, ensuring optimal fire safety and protection.

FIREFIGHTING GEAR

We provide a complete range of fire fighting equipment, including fire extinguishers, hose reels, hydrants, and nozzles, along with fireman protection gear such as Flame-Resistant Clothing (FRC), helmets, gloves, boots, and breathing apparatus, ensuring comprehensive safety in fire emergency situations.
